Brad Meuli, President/CEO

- WHAT:** Denver Rescue Mission's Vehicle Donation Program provides transportation for men and women who complete Mission programs.
- WHERE:** 5725 E. 39th Avenue, Denver, CO 80207 | Phone: 303.331.2938
- WHO SERVED:** Men and women who complete the New Life Program and families participating in Family Services programs offering them reliable transportation to pursue job goals and increases their vocational opportunities.
- HISTORY:** The Vehicle Donation Program began in 1998 and has helped provide reliable, economic transportation to and from work, church and classes to New Life Program graduates and Family Services participants.
- HOW TO DONATE:** It's simple and easy to gift a vehicle to the Denver Rescue Mission, and donors are eligible to receive a tax deduction.
- The Mission has a tow truck and can pick up just about any vehicle for free—running or not. We have a mechanic shop and can perform many repairs to get a car in working order for program graduates and participants. If we are unable to fix the car, it will be sold and 100% of the funds go back into the Mission. Either way, the vehicle is a wonderful blessing.
- Requirements for donation: The vehicle must be within 80 miles of the Denver Metro Area and donor must have possession of a clear title.
- VOLUNTEERS:** We are always looking for people to come and help in our shop. Mechanic experience is preferred but not necessary. To volunteer, contact Pierce at 303.331.2938.
